

Application No. 10/086,623
Reply to Notice of Drawing Inconsistency
September 26, 2006

REMARKS

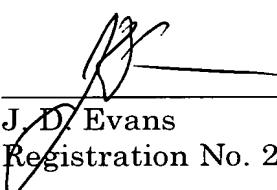

The Notice of Drawing Inconsistency is objected to as having been issued in error. The Notice alleges that Figures 2, 4, 6 and 8 are not listed in the Brief Description of the Drawings in the specification of the application. This is incorrect. Figure 2 is explicitly described in paragraph [0089]; Figure 4 in paragraph [0090]; Figure 6 in paragraph [0091] and Figure 8 in paragraph [0092]. In an effort to make this clearer, these paragraphs are hereby amended. No new matter is added by these amendments.

Reconsideration and withdrawal of the Notice of Drawing Inconsistency with Specification are respectfully requested.

If there are any questions regarding this amendment or the application in general, a telephone call to the undersigned at (202) 624-2845 would be appreciated since this should expedite handling of the application for all concerned.

Respectfully submitted,
